MOHAMMAD SAMEER

BTech Student | Aspiring Software / Web Developer

sameer44359@gmail.com • GitHub: sameer0786-ai • LinkedIn

PROFESSIONAL SUMMARY

BTech student developing practical skills in web development, programming, and database management. Interested in building useful, user-friendly applications and strengthening problem-solving skills through hands-on projects. Familiar with frontend technologies and Python-based backend development.

TECHNICAL SKILLS

Languages	HTML5, CSS3, JavaScript, Python, SQL
Frameworks / Backend	Flask
Databases	PostgreSQL, MySQL
Tools	Git, GitHub, Visual Studio Code

PROJECTS

Library Management System

Technologies: Python, Flask, PostgreSQL, HTML, CSS, JavaScript, Git, GitHub

Developed a web-based application to simplify library operations and book management. Implemented features to add, view, edit, and manage book records; used PostgreSQL to store book information and Flask for application logic and database operations. Built a user-friendly interface with HTML, CSS, and JavaScript.

GitHub Repository ■

Personal Portfolio Website

Technologies: HTML, CSS, JavaScript

Created a responsive personal portfolio website with About, Skills, Projects, Education, and Contact sections to present technical skills and project work.

LED & 555 Timer Experiments

Technologies: NE555 Timer, LEDs, Breadboard, Resistors, Capacitors

Explored basic electronics by assembling breadboard circuits, LED control, and timer-based blinking experiments.

EDUCATION

Bachelor of Technology (BTech) **2025 – 2029**

Branch: **CSE**

Current status: Pursuing

College / University: SR University

ADDITIONAL

Learning focus: backend development, database connectivity, responsive web design, and practical application development.
